Many times, people want to discuss about their Parents, but they do not have Parent's Birth details. What to do that in such a situation? There are two possible methods:

1. Parshana Kundli\* Analysis &
2. Use the D-12 (Dwasdsamasa\*) Chart from Native's horoscope.

\*Parshna Kundli is a very effective method to analyze about questions but it has a limited scope.

\*Sage Parashara said to check about Parents from D-12 Chart, but there is no detailed method is available about "how to check". Every one follows his own way. As per Sage Parashara:

द्वादशांशस्य गणना तत्तत्क्षेत्राद्विनिर्दिशेत् । तेषामधीशाः क्रमशो गणेशाश्विनमाहयः । ।

- I.e. D-12 chart is based on  $1/12^{\text{th}}$  division of Sign, which measures 2 Degree & 30 Minutes and lordship follows as: 1. Ganesha, 2. Ashwani Kumar, 3. Yama and 4. Sarpa. In each Sign, Lordship rotates 3 times. The name of the first Dwadasamsa of a particular sign is the name of the sign itself.
- So that, the 12 Dwadasamsas of Mesha are Mesha, Vrishabha, Mithuna, etc, ending with Meena.
- Those of Vrishabha are Vrishabha, Mithuna, Kataka etc, ending with Mesha and so on.

- As said above, in each Sign, lordship rotates 3 times. But, there is not exact formulation available to differentiate in impact of these lordships.
- To use any divisional chart (especially higher division charts), we need to be cautious about accuracy of “Birth Time” as **Accuracy of Divisional Charts depends entirely on accuracy of birth time. Only accurate Divisional charts can be useful. However, if birth time is not accurately available, divisional charts will be misleading, and should be ignored.**
- One important point: We do not have option to choose our Parents!

Now the question arises how to check for Parent’s well being from a Native’s Horoscope. For this, I used many methods, but in last, I experienced the following one as much accurate. This method is very simple in use. Its special feature is: “If birth time is inaccurate within the range of “Same Lagna Sign”, then also, we can use this method without any “If & But”. Here, we are using Karkta of Planets as per Nadi texts. Sun is Karka of Father and Moon is Karka of Mother.

Conclusion: Here, I am using Karkta of Planets as per Nadi texts. Sun is Karka of Father and Moon is Karka of Mother.

Method:

1. Simply cast the Horoscope, as we cast. Here, we need to precisely focus on: 1. Ascendant, 2. Navamsa (D-9) Chart, 3. Dwadsamasa Chart (D-12), Dasas (Vimshottri) and Current Transit.
2. Now this 2<sup>nd</sup> step is important. To avoid the inaccuracy of Birth data (but birth time should be within the range of “Same Lagna Sign”). Simply cast two new chart based on Dwadsamasa Chart (D-12)
  - a. D-12/Moon for Mother: Cast the chart with the House as Ascendant, where Moon is placed in D-12 chart.
  - b. D-12/Sun for Father: Cast the chart with the House as Ascendant, where Sun is placed in D-12 chart.
  - c. Remember D-12/Moon chart or D-12/Sun chart are supplementary charts which should be used with Lagna Chart.

3. Navamsa Position of Sun and Moon are also vital here.
4. For mother, in Natal chart, check if there is any enemy Planet (Saturn, Rahu and Ketu, specially) in the 4<sup>th</sup> and 8<sup>th</sup> house from Ascendant and from Moon. Any malefic there may be harmful for physical health or psychological issues for native or her mother.
5. In D12/Moon chart, during transit, any malefic Planet (Saturn, Rahu and Ketu, specially) in the 4<sup>th</sup> or 8<sup>th</sup> house from Moon may be harmful.
6. For father, in Natal chart, check if there is any enemy Planet (Saturn, Rahu and Ketu, specially) in the 9<sup>th</sup> house from Ascendant and from Sun. Any malefic there may be harmful.
7. In D12/Sun chart, during transit, malefic Planet (Saturn, Rahu and Ketu, specially) in the 4<sup>th</sup> or 8<sup>th</sup> or 9<sup>th</sup> house from Sun may be harmful.
8. In addition, D9/Sun & D9/Moon should be checked with above said transits of malefic Planets in case of diseases.

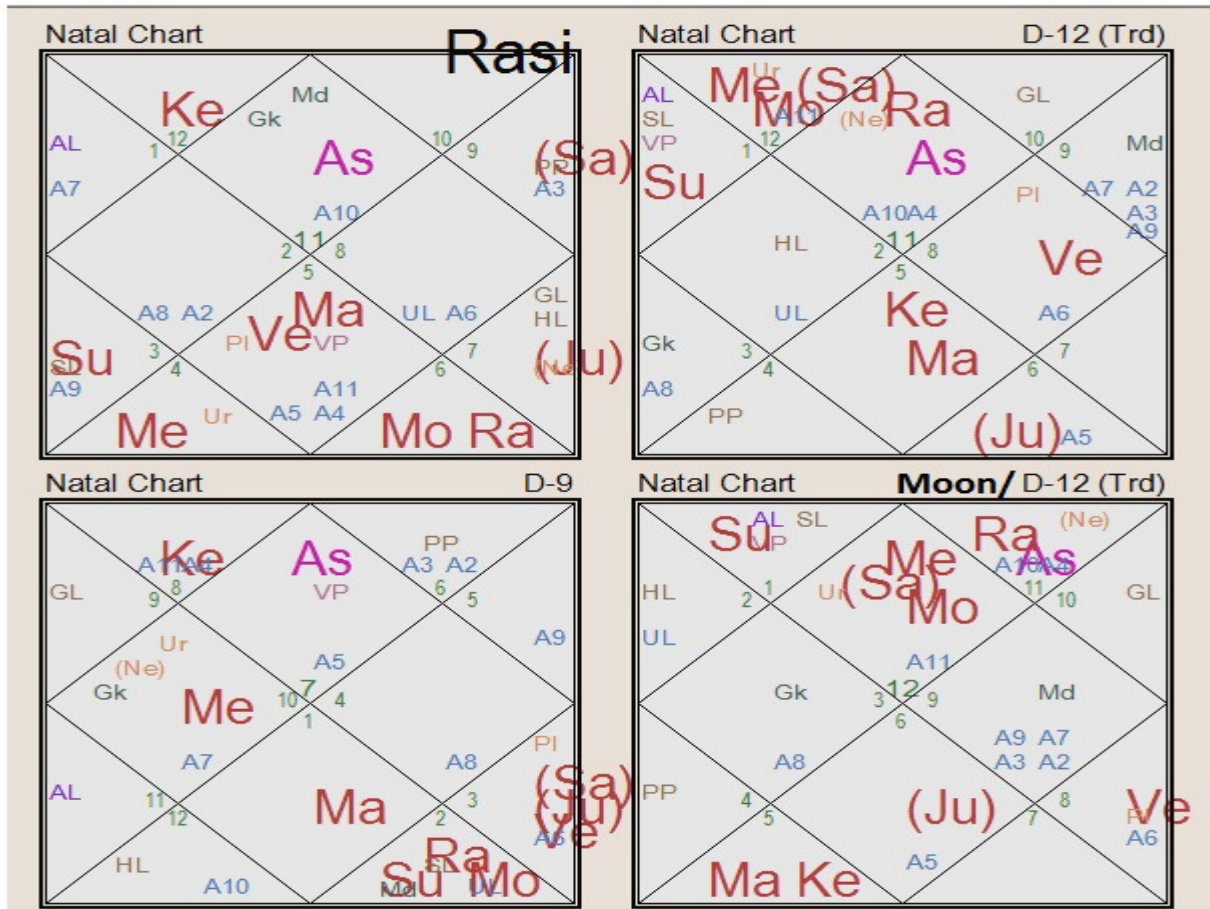

Example 1:

Native: Female (Her chart was studied regarding her mother's health issues, as her mother's birth details were not available).

Birth Details are:

Date of Birth: 12 July, 1959, Time of Birth: 21:15 Hours, Place of Birth: Dehradun (Uttarakhand).

Ascendant and other charts are as given below:

In Natal Chart:

\*Moon: Karka of Mother is within close conjunction of Rahu in 8<sup>th</sup> house. The 4<sup>th</sup> house from Moon is occupied by Saturn. So, Moon is afflicted here. Important point is at the time of birth of the native, Moon had already encountered degree wise with Rahu before birth and started approaching a natural benefic Jupiter. So, during pregnancy there would had some health issues with native's mother, but after delivery, she recovered well and lived a happy and respectable life with authority, but resources would be limited as Saturn is in 4<sup>th</sup> to Moon.

\*In D9 (Navamsa) Chart: Moon is again in conjunction of Rahu with Sun.

\*In D-12/Moon chart: During Transit of Saturn and Rahu in the 8<sup>th</sup> house/Libra sign mother passed away on 5<sup>th</sup> Jan, 2014.

## Case Study: 2

Native: Female. Event: Her father's sudden death on 18 Feb, 2012.

Birth Details are: Date of birth: 26<sup>th</sup> March, 1980, Time of Birth: 17:00:00 Hours, Place of Birth: New Delhi.

Birth Chart and other Charts are:

Saturn was transiting in Libra Sign; Rahu was in Scorpio on 18 Feb, 2012. Now check Lagna, Navamsa and D12/Sun charts:

In Lagna chart:

Transit Saturn (Retro): Libra Sign/3<sup>rd</sup> house

Transit Rahu: Scorpio Sign/4<sup>th</sup> house.

In Natal Navamsha Chart:

Transit Saturn (Retro): Transiting over Navamsha Sun in Libra Sign.

Transit Rahu: Transiting over Navamsa Moon + Ketu in Scorpio Sign.

In D12/Sun Chart:

Transit Saturn: Libra Sign/4<sup>th</sup> house over Natal Rahu

Transit Rahu: Scorpio Sign/5<sup>th</sup> house over Jupiter.

In this case study, Saturn transit resulted fatal for father. Here important to note is Natal Saturn is retro as well as transit Saturn was also retro. Rahu also supported here and Native's father collapsed on Table in office while taking Tea. Doctor informed about heart failure.

### Case Study: 3

Native: Female, (Promotion, Rise in Career and Health issues for father)

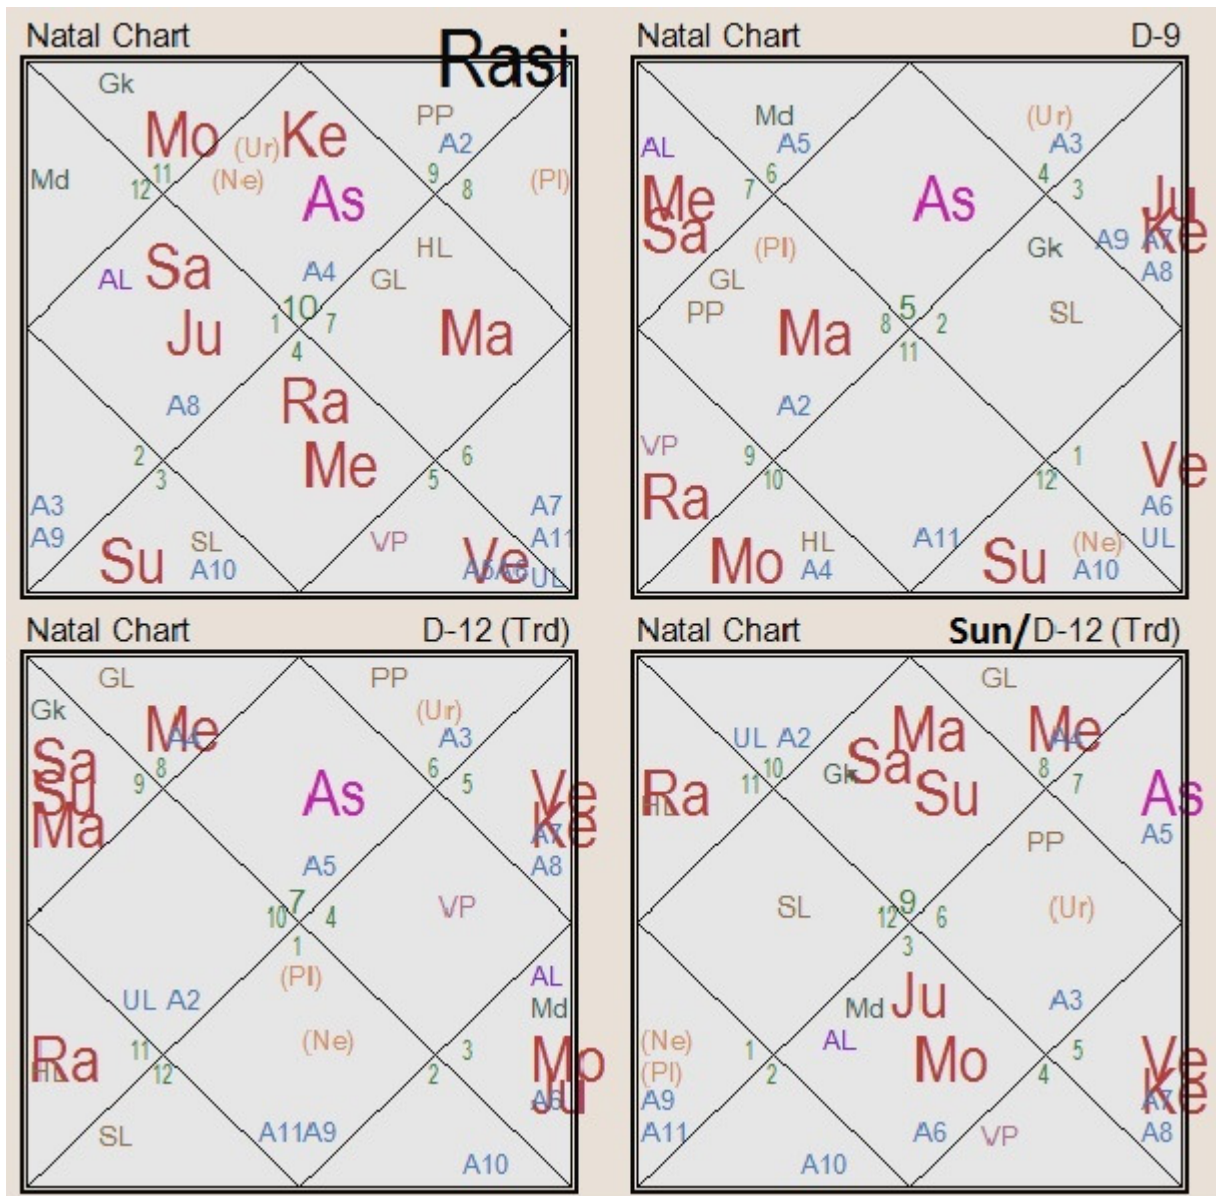

Birth details are: Date of birth: 3<sup>rd</sup> July, 1999, Time of birth: 21:23 hours, Place of birth: Tikamgarh (MP)

\*Father's health issue: Left Ear operated on 14 Nov, 2011

\*Rise in father's career: Got offer in Oct, 2011 and Joined on 1 Dec, 2011.

Native's birth chart and other charts are:

Focusing on D12/Sun Chart:

On 14 Nov, 2011, Planets in transit were: Left Ear operated

\*Rahu: In Scorpio Sign with Venus and Mercury. Rahu in 12<sup>th</sup> house over Natal Mercury with Transit Venus point hospitalization or health issues or expenditure. Why left ear? The 11<sup>th</sup> house governs Left Ear. Its Lord is Venus there. Venus is with Ketu in 11<sup>th</sup> from 11<sup>th</sup> i.e. in 9<sup>th</sup> house. Ketu's affliction point health issues for Wife (Venus

karka of wife) and 11<sup>th</sup> house related. Also Venus is here 6<sup>th</sup> lord. Mercury governs communication i.e. ENT.

\*Jupiter (Retro): Aspects Scorpio, which indicate availability remedies.

\*Saturn: Virgo, 3<sup>rd</sup> aspect on 12<sup>th</sup> house.

On 1 Dec, 2011, Planets in transit were: Promotion

\*Rahu: In Scorpio Sign with Venus and Mercury.

\*Jupiter (Retro): Aries

\*Saturn: Libra

The 10<sup>th</sup> house governs Professional success, and the 6<sup>th</sup> house (Job) & the 7<sup>th</sup> house (business). There is very important point need to check the nature of profession. So, in addition to 10<sup>th</sup> & 6<sup>th</sup>/7<sup>th</sup>, we need to look on the supportive house according to profession. Like for writers, 3<sup>rd</sup> should be strong. For works, where creative intelligence needed to generate brilliant concepts, the 5<sup>th</sup> house becomes important there. In such cases, the individual genius of authority is required.

So, the 5<sup>th</sup> house is also important house for following reasons:

a: because of creative intelligence,

b: being 8<sup>th</sup> from 10<sup>th</sup> house and

c: being 12<sup>th</sup> from 6<sup>th</sup> house.

So, when a functional benefic planet transit 5<sup>th</sup> house, there will be strong chances of doing something new with the use of creative intelligence.

Any affliction in 5<sup>th</sup> house, not only disturb the 5<sup>th</sup> house but also disturb the 6<sup>th</sup> house. So, Personally I believe 5<sup>th</sup> house play a vital role in promotion or Pada Prapti.

When Jupiter transited in 5<sup>th</sup> house in Aries Sign, gave a sudden rise in carrier along with Saturn's transit in 10<sup>th</sup> house (Karka Bhava). Also at that time, Saturn was moving towards it exaltation sign. Jupiter was aspecting 9<sup>th</sup> and Asc also.

One can try following points in Research:

- D9/Venus for Wife and D9/Mars for Husband.
- D7/Jupiter for Progeny.
- D10/Saturn for Professional Success/Failure.

Special Thanx to Shri Vidit Jain (Astrological Researches Group), for providing the case studies data and helping in verification of various points.
